

'India's GDP set to reach USD 4 trillion, eyes USD 5 trillion amid global challenges'

AGENCIES

CAMBRIDGE, 2 JULY

During the Cambridge India Conference held at the historic Cambridge Union, Sanjeev Sanyal, a member of the Economic Advisory Council to the Prime Minister of India, forecast reaching a USD 4 trillion GDP milestone this year, outpacing global growth rates.

He shared insights into India's remarkable economic growth trajectory and future prospects while engaging in dialogue with Kishen Shastry, a PhD economist from the University of Cambridge.
