

Bank officers' union calls for two-day nationwide strike on February 24-25

The All India Bank Officers' Confederation (AIBOC) on Thursday announced a two-day nationwide strike, tentatively scheduled for February 24 and 25, in response to pressing concerns affecting its members and the broader banking industry.

The trade union representing supervisory cadre bank employees said that this decision follows its 102nd Executive Committee Meeting held on January 6, which ratified resolutions made during the Working Committee Meeting on November 12, 2024.

Key demands of the union include adequate recruitment across all banking cadres, the implementation of a five-day workweek in the banking sector, and the immediate withdrawal of recent directives from the Department of Financial Services on performance reviews and the Performance Linked Incentive. AIBOC

argues that these directives threaten job security, violate the 8th Joint Note, create divisions among employees, and undermine the autonomy of public sector banks.
