

PM urges youth for ideas to make India developed by 2047

SHIVA RAJORA

New Delhi, 11 December

Calling upon the youth to contribute towards the development of the country, Prime Minister Narendra Modi on Monday launched the 'Ideas Portal' in which youngsters can give suggestions to make India a developed nation by 2047.

Virtually addressing the 'Viksit Bharat @ 2047: Voice of Youth' event organised by governors of various states, the Prime Minister underlined the need to channel the energy of the youth towards

achieving the common goal of 'Viksit Bharat'. He said that suggestions can be given on five different themes.

"Idea starts with an 'I' just like India begins with an 'I'. As 'I' comes first in Idea, it also comes first in India. It means that if we want to achieve success, attain goals, and bring about the right results, it all starts with our own 'I'. Suggestions can be given for five different themes. There is also a provision for awards for the top 10 suggestions," added the Prime Minister.

Besides, the Prime Minister also said that this is the historic period when India is going to take a quantum jump and asked the nation to take a pledge.

"Today, every person, every institution, and every organisation has to move forward with the pledge that whatever I do should be for a developed India. The focus of your goals and resolutions should be only on developed India," the Prime Minister said.
