

# WTi Cabs set to double fleet to 2K; to expand to 3 more cities

NITIN KUMAR  
New Delhi, July 16

**WISE TRAVEL INDIA (WTi Cabs)**, the country's largest operator of Uber Black vehicles, plans to more than double its fleet of premium cars to over 2,000 by the end of 2025, and expand operations to Kolkata, Chennai, and Hyderabad.

"Our fleet size will exceed 2,000 by the end of FY26," said Ashok Vashist, CEO of WTi Cabs.

"We are ramping up to meet rising demand from customers seeking

premium travel experiences," he told *FE*.

WTi Cabs currently operates around 900 vehicles under the Uber Black category, primarily in Delhi, Mumbai, and Bangalore. The fleet includes both SUVs and sedans, with models such as the Toyota Hyryder and MG ZS

EV in all three cities. Analysts estimate the total Uber Black fleet in India stands at around 1,000 to 1,100 vehicles, with WTi Cabs operating nearly 80-90% of them.

A query sent to Uber seeking clarity on the fleet size remained unanswered till the time of going to the press.

"Our expertise has always been in premium services since our inception in 2009. We've

primarily focused on corporate car rentals. Now, through Uber, we're bringing that premium experience to a wider customer base," Vashist said.
