

Digital inclusion key to financial growth: Khara

Robust mobile and internet connectivity has helped India to expand financial inclusion, while a diverse network of banking correspondents and micro ATMs has ensured last mile reach, SBI Chairman Dinesh Kumar Khara said on Thursday. Speaking at a session on 'Financial inclusion beyond access' during the WEF Annual Meeting 2023 here, he also said a lot is being done in the country to spread financial and digital literacy to help people with their banking needs.
