

## Tata Motors to hike CV prices by 5% from April 1

**Our Bureau**

Mumbai

Tata Motors will be raising prices of its commercial vehicles by 5 per cent effective April 1 to comply with the stringent BS6 phase II emission norms.

The price increase will be applied across the entire range of commercial vehicles, with the exact amount varying according to the individual model and variant. The company stated that the decision to increase prices is a result of the company's efforts to comply with emission norms.

"As Tata Motors transitions its entire vehicle portfolio to meet these standards, customers and fleet owners can expect a range of cleaner, greener, and technologically superior offerings that deliver higher benefits and lower total cost of ownership," said the company in a stock exchange filing.
