

Confident of India's growth at 6-8% for 10 yrs: Vaishnaw

Union Minister Ashwini Vaishnaw on Thursday expressed confidence that India will continue to demonstrate a 6-8 per cent consistent growth rate over the next 10 years as he invited global players to the country to tap domestic and global markets.

India is open to the world, and to new ideas, Vaishnaw, the Minister of Railways, Communications and IT, said while speaking at Raisina Dialogue 2024. "The Indian economy is growing at a consistent clip at a very good rate. In the next 10 years, India will continue to grow at 6-8 per cent consistent growth rate...I can say that with a high level of confidence," Vaishnaw said. The building blocks for this are already in place and the results are visible, he said, outlining growth initiatives taken by the government.
