New Delhi

Maruti Suzuki India (MSIL) on Wednesday said it has crossed the milestone of cumulative exports of 2.5 million (25 lakh) vehicles.

Exports to advanced markets helped the company benchmark its performance against international standards to improve the quality of products and services offered in the Indian market, MSIL said.

"The landmark export of 2.5 million vehicles stands as a testimony to India's manufacturing prowess. This feat demonstrates Maruti Suzuki's commitment to the government's flagship Make in India initiative, and furthering the government's efforts to enhance vehicle exports," Hisashi Takeuchi, Managing Director and Chief Executive Officer, MSIL said.
